

FUN FOR THE KIDS!

The Greater Cleveland Aquarium

The Greater Cleveland Aquarium features more than 40 tanks of all sizes, which are home to thousands of living creatures. From the Ohio-native brook trout, to the ferocious piranhas, as well as the sand tiger sharks that reach more than seven feet long, our residents will fascinate and entertain you. The Greater Cleveland Aquarium promises wonder and excitement around every corner!

Check out www.greaterclevelandaquarium.com for more on admission and hours!

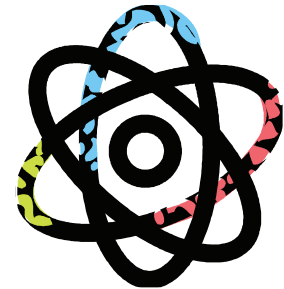

Cleveland Metroparks Zoo

The Cleveland Metroparks Zoo is set amidst 165 wood acres, off of Fulton Avenue, just four miles south of downtown. It's a fascinating collection of animals from all over the world, many residing in natural-like, open-air settings. Favorite exhibits include the African elephants, the "Wolf Wilderness" exhibit, and the latest addition, the "Australian Adventure." A two-acre, enclosed Rain Forest features some of the myriad of wildlife found in the tropical jungle. Check out www.clemet zoo.com for more information!

Great Lakes Science Center

The ten-year-old Great Lakes Science Center, at Cleveland's Northcoast Harbor, just down the road from the Rock and Roll Hall of Fame, invites visitors of all ages to "learn by doing" with their 400 hands-on exhibits. You'll find features on technology, the environment, the body, and the Great Lakes. There are also interesting temporary shows and an adjacent OMNI-MAX theater. Check out www.glsc.org for more information!

Cleveland Museum of Natural History

The Cleveland Museum of Natural History, located in Cleveland's University Circle area, is a treasure trove of over 4 million specimens. Exhibits include Dinosaur bones, natural gemstones and fossils, and a huge section on Ohio birds, plant life, insects, and archeology. A planetarium teaches kids and adults all about the moon, the stars, and the galaxy. Check out www.cmnh.org for more information!

Malley's Chocolates

A Cleveland icon since 1935, Malley's provides hungry consumers with thousands of varieties of chocolate confections each year. From bunnies at Easter to tool sets for Fathers Day, the company can make nearly anything out of solid chocolate.

The factory features 60,000 square feet of chocolate-making equipment that produces tens of millions of chocolate pieces each year. Visitors can see how Malley's makes its famous creations with an official tour of the facility. Watch creamy milk chocolate drip its way onto plump strawberries, crunchy pretzels and salty nuts before it is packaged and shipped away to hungry customers.

Check out www.malleys.com for more information! Tours available, reservations required. (216)362-8700
